Chintimini Wildlife Refuge is an incredibly valuable asset to our neighborhood and state. The take in injured wildlife, rehabilitate and release whenever possible. I have taken in many hurt animals, for their care. There are alarming few of the rehabilitation places still available in our state. If we are to teach our children care and compassion of all beings Chintimini needs to be funded and secure in our state. They do as much as they can with donations, which my family is a big part of. Please consider supporting this valuable caring refuge.
