Measure, Appointment or Topic: HB3076

It's obvious hb3076 main goal is to close FFLs. Placing a heavy burden upon those who do things legally will do nothing but reinforce the outlaws. Remember the war on drugs or prohibition? Criminals flourished and government floundered. It will cost lives and a mountain of money. Learn from the past. With the states position on protecting child molesters and illegal aliens it is blatantly obvious the state is not concerned with the safety of its citizens. Currently, Oregon is in a budget shortfall and cannot sustain itself. HB 3076 has no Budget impact study and will likely place an even heavier burden to balance the books.
