Measure, Appointment or Topic:	SB1131

The services Chintimini provides for the Willamette Valley are critical for our area's wildlife. I have supported this organization for years-both financially and as a volunteer-and I am amazed at how much they accomplish on such a shoe string budget. As wildlife continues to lose its habitat and have more encounters with an increasing population, we need organizations like Chintimini to treat injured and orphaned animals as well as educate the public on how to coexist and appreciate wildlife. As a life-long educator, I understand the importance of having a nature center as a means of allowing people to see Chintimin's wildlife ambassadors and to learn more about the important work they are doing. Please support this bill.
