Jon Stepp

On Behalf Of:

Committee:

House Committee On Judiciary

Measure, Appointment or Topic:

HB3076

Unfair and out and left field (literally). Not gonna help anything. The criminals will still be thriving. The people that oppose guns, are gonna be the first people that call the police or hope they're around someone who has a gun when they get into some kind of trouble and guess what, the police carry guns to be able to help you.
