It is past time to support this vital organization to treat and rehabilitate wildlife...from the littlest shrew to raptors and foxes they are fundamental to address united and sick wildlife. I drive hwy 20 and not a day goes by that I don't encounter wildlife making the crossing from the river across the deadly highway. I have donated and others have donated and will continue but they really deserve funding to protect Oregon's wild creatures. Please pass this worthy bill to be the voice for wildlife rehabilitation and release.
