Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1131

I volunteered with this organization for almost a year in the clinic. The professionalism of the staff and incredible passion they have for what they do, as well as the immense generosity of the public has helped this program survive as long as it has. I'm awestruck looking back at what an enormous patient load they were able to keep with what little resources they had, and with the old buildings literally caving in around them. I can't even fathom the possibilities of wildlife care they could provide if they just had everything they needed to function properly. Thank you for your consideration.
