Dear Members of the Oregon Legislative Assembly,

I am writing to express my strong support for Senate Joint Resolution 28 (SJR 28), which proposes an amendment to the Oregon Constitution to establish a fundamental right to a clean, safe, and healthy environment.

Protecting our air, water, and land is essential for public health, especially for children and future generations. This resolution ensures that we can safeguard the well-being of our communities against environmental harm and prioritize those most affected. It strengthens existing protections and sets a standard for environmental human rights.?

I urge you to pass SJR 28 and give Oregonians the opportunity to vote for a healthier future.

Thank you for your time and consideration.

Ilene
