Committee: House Committee On Revenue

Measure, Appointment or Topic: HB3329

I will keep it short and simple: This bill will provide a revenue surplus for the state, while also providing a living wage and meaningful work to Oregon residents. I've worked for many years in the film industry with Teamsters Local 305, and it's provided a good solid living for my family.

This is a win-win, I urge you to support HB 3329.

Thank you,

Sean Tichenor
