

Submitter: Kathleen Dodge
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or SB1131
Topic:

Dear esteemed committee members,

I am writing in strong support for SB 1131, which would allocate funding for continuing wildlife rehabilitation efforts and conservation education. As someone who values our environment and the well-being of our native wildlife, I believe this legislation is essential for protecting injured, orphaned and displaced animals while also promoting ecological balance in our communities.

In my time of need, Chintimini has been there to help me when I have found wild animals in dire need of medical assistance. I have met countless other people with similar stories, as Chintimini admits over 2,000 patients annually. By supporting this bill, you are not only helping vulnerable wildlife but also investing in public education, environmental conservation and biodiversity protection. I urge you to please support SB 1131 and advocate for its passage. Thank you for your time and dedication to preserving our natural world. I appreciate your leadership on this important issue.
