Corvallis is a community that CARES about all beings and Chintimini Wildlife Center is a shining example of why I LOVE living in Corvallis. Chintimini does the very hard job of caring for those beings who cannot care for themselves and this is the level of compassion I want in my community. Their work is phenomenal and I hate that any of the workers have to spend time worrying about resources to do their best work. Please take some of the burden off of the staff and volunteers by approving this grant. Thanks!
