Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB1120

While I understand the need to control behaviors of most incarcerated adults, the position that the majority of the corrections employees remain to be abrupt and cruel to most all incarcerated individuals. The verbal abuse that individuals endure is wrong and only encourages shame and guilt with no encouragement for change for the incarcerated individuals. The quality of the food and the cleanliness needs improvement to promote health and wellness. Access to mental health lacks as well as addiction services.
