

Submitter: Scott McClendon

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

This bill is blatantly unconstitutional, it is a direct violation of our 2nd amendment rights. This will ruin the firearms industry in Oregon as it's seems it's intended too do. If these rules went into effect it would not make Oregon safer. Limiting or essentially stopping law abiding citizens ability to purchase firearms makes us less safe.
