Measure, Appointment or SB1131
Topic:

Chintinimi Animal Rescue and Rehabilitation Center is an amazing organization that provides needed care for injured wildlife. This organization is one of only a couple in the whole State. When people here on the Central Coast discover injured wild animals, especially birds of prey, Chintinimi is the first place people call. Additionally, they provide educational information about these animals to the public, especially schools, which teach our future generations the importance of preserving our wildlife. PLEASE vote yes on this bill so that the Chintinimi Center can have the money and resources to continue to provide care to the amazing wildlife that exists in our State.
