

Submitter: Lorraine Anderson

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

Dear Committee Members:

The Bill SB 301 with the proposed amendment that allows much heavier watercraft in the Newberg Pool is very disturbing. Please don't capitulate to the manufacturers and small group of users who will degrade the recreational and environmental quality of this section of the Willamette River by using these wake boats. With increased awareness of the downside of motorized recreation in sensitive areas a line must be drawn to preserve habitats and opportunities for quiet enjoyment by the majority of citizens.

Please vote 'NO' on SB 301 and the amendment!

Lorraine Anderson
