

Submitter: Laura Ohm

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB3932

Hi--ONDA brought House bill HB 3932 to my attention. It is critical that we protect water ways and biodiversity for our health. It is financially beneficial for Oregon, too. More and more people come to our beautiful state to recreate in the outdoors. Let's protect that.
