Measure, Appointment or Topic: HB3076

I am writing in support of HB3076, to urge the legislature to implement regulations on gun dealers to follow basic safety standards. As a medical student, I have seen firsthand the harm that firearms cause to Oregonians and their families. I also just lost a dear friend to a firearm related homicide earlier this month. Basic regulation such as verifying that gun dealers actually perform mandated background checks is the minimum that the state of Oregon can do to protect the public. I urge you to do so and uphold your duties to protect the people of Oregon.
