

Submitter: Krista Hobson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As a woman the carries a firearm for protection. You as state representatives are making it harder for woman to legally protect themselves. And I also enjoy exercising my 2nd amendment. All this this bill is going to do is turn law abiding citizens into criminals just so we can continue to enjoy the guns we have bought and will continue to buy.
