I support awarding a grant to the Chintimini Wildlife Center.

As a retired veterinarian who treated injured wildlife I came to realize that a majority of the causes of illness or injury to the wildlife brought to me were man caused.

Traffic accidents, poisonings where birds of prey ate poisoned rats, dog and cat bite injuries, felled trees with nestlings still in the nests, lawn mowers running over snakes, and more.

I have donated to Chintimini over the years and feel they do a good job and are deserving of any help they can get.

Sincerely,

Stephanie Hazen, DVM
