

Submitter: Bryanna Goar

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As a small women I prefer to conceal carry for self defence especially now that i have a baby. I have been with my husband multiple times purchasing a firearm and notice how extensive back ground checks are done and how expensive it is to already obtain a firearm. Please support law abiding citizens to defend themselves, by not creating more fees and difficulties for firearm dealers.
