“If the state does convert your right into a privilege and issue a license and charge a fee for it, you can ignore the license and fee and engage in the right with impunity.”

Our God given rights are not up for debate. We are not a mob rule democracy, you cannot vote these rights away even by majority. We are a Constitutional Republic, where in lies our guarantee to these rights.

Any and all legislation that infringes on these rights is an act of war on the people, and an act of war on this beautiful country.
