Wildfire

Measure, Appointment or Topic: SB1131

Senate Bill 1131 would provide essential funding for Chintimini Wildlife Center to realize our dream of having a Nature Center that is open to the public.

?This would cultivate a sustainable income stream and a education enhancement for the entire community. As previous wildlife rehabilitation specialist staff wildlife education is incredibly complex. Having an open sourced Center to where people can come free of most charge would be monumental to where more donations would support chintimini as a whole. Chintimini deserves this funding since it's been way too long without it and the staff would be less overworked, volunteers would learn so much more skills and so much more.

Thank you
