

Submitter:	David Garcia
On Behalf Of:	Siskiyou Chapter Native Plant Society of Oregon
Committee:	House Committee On Climate, Energy, and Environment
Measure, Appointment or Topic:	HB3932

I support HB 3932. As a field biologist and long time student of Oregon's ecosystems I have observed the benefits to waterways and their riparian habitats when beavers are allowed to do their work. HB 3932 is a reasonable step to improve the water quality in these classified streams.

Thank you for this opportunity to testify.
