Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1153

Dear Committee Members,

I am in support of SB 1153. Oregon's water is a precious gem and it belongs to the public. We need to protect this resource so that it forever remains clean, clear and able to support the fish we rely on for food and recreation. Water rights transfers that are not reviewed open us up to misuse and abuse of our water. Let's not let that happen.

Thank you,

Jean Quinsey
