HB3076

I strongly appose HB3076, for so many reasons. No fiscal impact shown, so I'm to assume that more of us who are already overtaxed will see their tax dollars wasted even further by this bill. I fail to see how this will even make a difference on keeping firearms out of a criminals hands as well. The citizens that are in support of HB3076 were just trying to pass a bill to lower the sentences for a person caught with a firearm illegally. Everything about this bill is just plain wrong. I support keeping firearms out of a criminals hands 100% as I've seen the effects of it, but this is absolutely not the way.
