Measure, Appointment or Topic: HB3076

HB 3075 is a dangerous attack on gun owners and threatens to block access to gun ownership by expanding Measure 114. HB 3075 is stuffed with unnecessary mandates and restrictions, more bans on firearms, threats to retroactively criminalize law-abiding gun owners, and expensive permits designed to price you out from keeping your family safe.

Any infringement on the 2nd Amendment is unconstitutional. It really is that simple. The text could not be more clear

“A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed”.

Oregon's constitution also provides a right to bear arms. Article 1, Section 27, of the Oregon Constitution states: “The people shall have the right to bear arms for the defence [sic] of themselves, and the State, but the Military shall be kept in strict subordination to the civil power.”

Amendment 24 – “Elimination of Poll Taxes” Having to pay a fee to exercise a Right, is equivalent to a poll tax. It's not Constitutional.

The Equal Protection Clause, part of the Fourteenth Amendment, ensures that states must treat people similarly situated under the law, guaranteeing equal protection under the law for all citizens.

By adding more restrictions to basic Rights, Oregon has violated the 14th Amendment as well.
