

Submitter: Taylor Bonin

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I am firmly against HB3076. It is directly and shamelessly choking out our first amendment rights. Further constraint on lawful gun purchases will not decrease gun violence. Furthermore, HB3076 will put countless small businesses into financial hardship. Many of them, irreparably.

HB3076 is nothing more than another angle in the multifaceted attack on second amendment rights in Oregon.
