

Submitter: Tom Armstrong

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

It is unbelievable and unacceptable that only 34 out of ~2,000 gun dealers in Oregon were inspected last year. We must create a state license and inspection program to stop bad gun dealers and require basic standards of safety.

Unfortunately, we cannot rely on the federal government to safeguard our community. Oregon needs to step up to protect all Oregonians.

This bill is only a study bill. Please, can we at least study this issue? We need to make an informed decision on this issue.
