

Submitter: Earl Hodson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

This bill has nothing to do with safety. We already have background checks, and imposing these extra steps will not stop THE CRIMINALS that do not follow the Law. It is an out and out attack on Law abiding business owners, Law abiding citizens too. It's time these politicians learn exactly what the Constitution stands for, and stop ignoring it.
