Wildfire

Measure, Appointment or Topic: SB1131

I support this measure to improve wildlife conservation efforts in our state. This facility has upheld wildlife best practices with their hospital and education center for the community at large. I have seen them demonstration the depth of knowledge at community events and seen them rescue and release wildlife for the benefit of the animal. I support their efforts as I hope the state does as well. It would be a great investment in wildlife conservation and community.
