

Submitter:

Richard McKown

On Behalf Of:

Committee:

Senate Committee On Judiciary

Measure, Appointment or Topic:

SB698

I oppose my Constitutional rights being dictated by unelected, non-government organizations and/ or people. I would love for an elected official to explain to me how disarming a law abiding citizen will decrease gun crimes. I have never heard one of you even try. I am th last line of defense for my family. Please take care of th business you were hired to do and stop trying to legislate my rights down th toilet.
