

Submitter: Tom Rutledge

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

Besides being blatantly anti-gun, HB 3076 is blatantly anti small business. Oregonians pride themselves on supporting small businesses over large corporations. This bill is just the opposite. It will drive small businesses out leaving only large, interstate corporations who take their profits out of Oregon able to pay the fees necessary. This is anti-Oregon. This is not what Oregon stands for.
