

Submitter: David Larson

On Behalf Of:

Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

As it says in the constitution, these rights shall not be infringed upon. This bill will not affect criminals, but instead put shackles on the law abiding citizens. Harsher punishments for criminals is the only way to prevent crime not preventing responsible gun owners the right to defend themselves and their loved ones. Shame on the Democrats trying to destroy this beautiful state.
