HB3076

Hello, I am a gun owner and a law-abiding citizen and i oppose HB3076, this bill along with HB3075 are a total overreach of our 2nd amendment, not only does it cost taxpayers a lot of money that could be used elsewhere, it will put many hard working tax payers out of work, business and will do nothing to stop crime, a criminal does not care and will get a gun on the black market if they really want one. And That is where you should be concentrating funds. please stop infringing on law abiding citizens with this nonsense that will do nothing, Thank you
