Committee: House Committee On Judiciary

Measure, Appointment or Topic: HB3076

I am writing to strongly oppose HB 3076. It clearly violates the Supremacy clause of the US Constitution. Firearms are federally regulated and not in the purview of the State. It will most certainly be challenged by the federal government and a 1st year law student would easily rule this unconstitutional. Further, this bill would cause small gun stores to close, leaving only the big box stores. Thousands of Oregonians out of work. Stop the gun grab. The People will not tolerate tyranny by the Marxists in Salem.
