

Submitter: Lora Grabe

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1120

My name is Lora Lee Grabe. I am a retired senior citizen. I support the findings in GIPA report. I want policy makers to focus on safe environments for prisoners starting with Coffee Creek. I want to see evidence of improvements in the lives of inmates, especially women. I believe that rehabilitation is the best outcome for our beautiful state.

Thank you for your time.
