HB3076

Enough is enough. I should not be stripped of my rights because others are afraid of firearms. Maybe you should focus on forcing those people in support of this bill to take a mandatory firearm training instead. There is not an issue with the size of magazines and There is not an issue with the current background checks. Why don't you ban cars? Why don't you ban alcohol? Or I'm sorry, why don't you require people to ask our government for permission to purchase one of these extremely dangerous automobiles that kill people at a much higher rate than firearms. This is ridiculous.

The liberals of the major city's should not be able to decide how the rest of us hard working and god fearing Americans wish to live our lives. I oppose this HB 3076
