On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB1120

My name is Sophia Giebultowicz; I reside in Portland and have had the privilege of teaching yoga classes to adults in custody at Columbia River Correctional Institution while serving as a volunteer through a local non-profit.

I firmly believe in the importance of treating adults in custody with dignity and respect, and that includes access to evidence-based treatments for their mental health and well-being. I very much support this bill.
