

Submitter: Serena Brigante

On Behalf Of:

Committee: Senate Committee On Judiciary

Measure, Appointment or Topic: SB429

The 72 hour delay could potentially cost someone's life. If the background check passes, there should be no delay. Some citizens (i.e. women) decide to purchase firearms on short notice due to potential threats to their safety (i.e. abusive ex partners, stalkers, etc.) The second amendment grants protection of our natural rights to maintain the tools necessary to defend ourselves. An additional 72 hour delay is violating that protection.
