

Submitter: Greg McKenzie

On Behalf Of:

Committee: House Committee On Climate, Energy, and
Environment

Measure, Appointment or
Topic: HB3932

We need to defend all wildlife at this pivotal time. In particular we should be careful to protect beneficial species, like beavers, who we depend upon to sustain our forest and wider environment. This is a high priority. We owe it to all species, and to ourselves, to protect our biosphere from our own stupidity. Thank you!
