I oppose this bill. People enter the military at 18 years old where they will be using a gun. Oregon wants to have people wait another 3 years before they can get a gun. Why? Because Oregon thinks they are not mature enough to own a gun?? Oregon let's young teens change their sex which causes them to be a permanent medical patient for life and sterilizes them. If they are not mature enough at 18 then some of our other procedures need to be changed.

I oppose this restrictive unconstitutional bill.

Thank you.
