

Submitter: Richard Bastasch

On Behalf Of:

Committee: Senate Committee On Energy and Environment

Measure, Appointment or Topic: SB301

This seems to be a gut-and-stuff amendment weaponizing a bill introduced in disguise to make it appear it's only about requiring a boating study. In reality, it undoes important protections for the Willamette River. A treasured river that definitely doesn't need more noise, erosion, and environmental damage. Shame on the sponsors for this appalling, cynical ploy. This bill deserves not only a "no", but a "hell no."
