Measure, Appointment or Topic: HB2403

I am opposed to House Bill 2403, which would encourage the wanton killing of wildlife for the convenience of private landowners. This bill would not require recipients of the money to use or even consider using nonlethal alternatives. And the money raised would go to the federal "Wildlife Services" program, which is known for cruel and unnecessary killing of wildlife as its preferred method of dealing with human-wildlife conflicts. We should instead focus on finding peaceful ways to co-exist with our wildlife. Please let this bill die in committee!
