Committee:	Senate Committee On Natural Resources and Wildfire
Measure, Appointment or Topic:	SB1153

Dear Chair Golden, Vice Chair Nash, and Members of the Committee,

I strongly support closing the loopholes of SB1153 that currently allow concerns of the natural environment to be disregarded, and the welfare of wild creatures--fish and many others--to be compromised. Rivers are our lifeblood and legacy. The earth is a great healer, but needs our caring and vigilant support.

Thank you,
Augusta Vesecky
