On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR1

My name is Yvonne Hall and I have owned property here in Oregon for almost 40 years. Now that I am on a fixed income due to a disability, paying my property taxes have been increasingly more difficult. I dread getting the tax bill in the mail in October. Even when I pay in thirds, I often have to break those payments in two. I worry that there will come a time when I can't make these payments. I love my home and this measure will help me stay in my home. Please pass this measure.
