

Submitter: Wally Sykes

On Behalf Of:

Committee: Senate Committee On Natural Resources and
Wildfire

Measure, Appointment or Topic: SB1153

Dear Chair Golden, Vice Chair Nash, and Members of the Committee:

I support SB 1153.

We have been witnessing the steady degradation of water quality vital to healthy fish and other wildlife populations. This Bill will ensure that environmental impact will now be part of the review process for changing existing water rights, thus preventing or mitigating damage to instream values.

Please support SB 1153.

Thank you.
