

Submitter: John Rakestraw

On Behalf Of:

Committee: House Committee On Climate, Energy, and  
Environment

Measure, Appointment or  
Topic: HB3932

I am writing in support of HB 3932. Beavers have the ability to improve water quality, restore aquifers, and decrease flooding in our waterways. Protecting beavers is an easy way to improve water quality for free, without the need for expensive and disruptive mitigation. Thank you.
