Measure, Appointment or Topic: HB3800

I am writing in opposition to SB 3800. In short if this goes through it will effectively destroy this county.

Unless there is accurate science to verify water this is just an attack on residents in Harney County.

We currently have more surface water out here, which replaces water in the aquifer. Our home almost flooded because of the water.

Use common sense. Do Not pass SB 3800. People's lives will be destroyed if this goes through and will have a trickle affect throughout the state economically.
