HB 3932

I Ryan Thompson strongly oppose HB 3932

As a land owner in Yamhill County an avid trapper, hunter and fisherman I have seen the impact the beaver have on timber lands private lands as well as the impact to our salmon streams and rivers for the spawning of our salmon, steelhead and trout. I got multiple calls this last season from many of the filbert farms in the Willamette Valley wanting beavers removed from their land over such high loss to their trees and crops also the flooded acreage from the beavers. On the other hand beaver trapping and the state of Oregon go hand and hand if we lose beaver trapping in Oregon we lose part of our heritage as the beaver state!

Thank you for your time
