This is non sense. Stop delaying Oregon Residents the right to own and purchase a firearm. OSP is already delaying background checks. The FFLs are already doing their jobs with two backgrounds checks. Stop the violence buy holding criminals accountable to the laws already on the books, write a bill that makes it required to be prosecuted for committing crimes already in law, lock them up, build more prisons instead wasting our tax dollars on the bills that get ruled unconstitutional at the highest level spend my money on locking up criminals and and prosecuting them and sending them to prison!
