SB429

This bill along with every other gun grab bill this session is horrid. It criminalizes the law abiding citizen and the financial cost is undetermined. Oregon does everything it can to make business difficult and gun possession next to impossible. The ridiculous thing is that it will bring the exact opposite of what you are trying to achieve. The black market gun business will explode. Criminals do not honor laws and by disarming the law abiding citizens you are allowing mass shootings to occur. We all be gone defenseless fish in a barrel. I oppose every single bill regarding gun control this session. Not one of them is effective or financially sound as well as unconstitutional
